The ECW Valuing Educators Conference is all about Educators, your voices and your stories. We are also about connecting, informing and elevating educators and we are looking for educators with the courage to share their stories of practice.

We are looking for Educators who are passionate about practice, children and sharing their knowledge and skills with others. Educators who want a future where the work you do is recognised and valued. A future where Educators influence decisions that impact on policy and practices relating to you, your role, your work and outcomes for children and families.

We would love for you to join us. If you would like to contribute to the conversation complete the below form and return to admin@aecwpb.com, write panellist in the subject line of your email.
